

LEAP OF FAITH

AWAKEN TO THE POWER OF NOW THROUGH THE GRACE OF FEAR

The Leap of Faith is a profound weekend experience, where participants actively learn to be fully present no matter what the situation. This program focuses on shifting your ego's perception of confrontation. You will step into an intensely alive state of presence that is free of time and the burden of compulsive negative thoughts. This magical state of awareness is accessible in every day life. The Leap of Faith will show you how to access it. Graduates report a life-altering mental, emotional and physiological shift!

Many have called this their "Awakening Moment."

This program is taught by the founder of Warrior Spirit, Dr. Jeff Alexander.

Participants Will Experience How To:

**Say NO and Mean It
Quiet the Mind Chatter
Live in the NOW
How to Stop an Attack**

**Transform Fear into Power
How to Access Your Spirit Power
Dissolve Self Imposed Limitations
Stop Living in the Past or Future**

***"They say that the Gates of Hell are locked from the inside.
Thanks for giving me the key!"***

**Kenny Loggins
Singer/Songwriter**

OUR METHOD: At the Leap, you will listen to a series of lectures and information, and then experience a progression of verbal and physical confrontations with highly trained confrontation specialists. Escalating challenges provides each student with full body/mind experience crossing the line of fear into successful action...over and over again. With the masterful guidance of Dr. Alexander, you will be able to integrate and bring all you learn to a level of awareness for use in daily life.

Criteria for teens over 16:

A parent or legal guardian is required to attend the Leap of Faith with their teen, or be a graduate of the Leap of Faith.
